### **VINCI ENERGIES EXPANDS ITS BUILDING SOLUTIONS PORTFOLIO WITH THE ACQUISITION IN THE NETHERLANDS OF 'DE SCHILT BEDRIJVEN', SPECIALIST IN HVAC.**

- Strengthening VINCI Energies' position in the high-quality climate solutions
- Reinforcing its Building Solutions activities in the Netherlands
- 28M€ revenue and 120 employees

VINCI Energies has acquired De Schilt Bedrijven in the Netherlands, specialist in HVAC (Heating, Ventilation, and Air Conditioning) for 45 years. This acquisition will enable VINCI Energies, through its activities in Building Solutions, to strengthen the local expertise in high-quality indoor climate installations. De Schilt Bedrijven will continue to operate under its original brand.

De Schilt Bedrijven activities are divided into 3 operating and complementary companies providing project support from design and installation services to maintenance: Schilt Air Conditioning specialized in air conditioning systems, Schilt Air Ducts, dedicated to air ducts and Schilt Air Technology, focusing on technical air components. De Schilt Bedrijven's clients are mostly from the non-residential construction sector and luxury housing.

Joop Heesen, director of De Schilt Bedrijven: *"We were looking for an organization to further develop and innovate De Schilt Bedrijven activities while offering our people a good environment. And we know that VINCI Energies is known as a stable and sustainable organization where Corporate Social Responsibility is important."*

Arjo van Geffen, Perimeter Director at VINCI Energies: *"The high-quality expertise in HVAC is complementary to our Building Solutions portfolio. Together we can provide our customers with even more efficient and innovative solutions. I am incredibly pleased that we can welcome De Schilt Bedrijven and its employees to our organization."*
