S&T brand becomes Axians in 10 countries

- Multinational rebranding in Central and Eastern Europe
- Continuous focus on local customers in all countries
- Local portfolio is enriched by leading products & services of the Axians network

VINCI Energies successfully closed the acquisition of a significant part of the IT services business of Kontron AG (formerly S&T AG) on December 29th 2022.

Today, S&T in Poland, Croatia, Czech Republic, Switzerland, Serbia, Slovakia, North Macedonia, Albania and Montenegro has been rebranded to Axians, the ICT brand of VINCI Energies. Now, these countries appear under a consistent Axians corporate identity and rebranded company names. The rebranding of S&T in Germany is scheduled for November 15th 2023.

Axians, the VINCI Energies brand dedicated to information and communication technology, is operating at the heart of digital transformation. From installing infrastructure to managing data, VINCI Energies technology teams deliver a broad range of expertise covering the entire data life cycle: collection, transmission, storage, processing, analysis, sharing and protection.

With this multinational rebranding, VINCI Energies, through its Axians brand, strengthens its position in the European ICT markets and offers customers 360° services and solutions.

Burim Mirakaj, General Director VINCI Energies DACH & CEE ICT, says: „Under the Axians brand, all our former S&T entities continue to support their long-term customer relationships in a spirit of trust and reliability, offering all previous products and services. In addition, customers will now benefit from the Axians ICT expertise in areas such as cloud & data centre infrastructures, cyber security, enterprise networks, digital workspaces, business applications & data analytics (including ERP) and telecom infrastructures.“

Axians supports its customers — private-sector companies, public-sector entities, operators and service providers — in their infrastructures and digital solutions development.

To this end, Axians offers a comprehensive range of ICT solutions and services spanning business applications and data analytics, enterprise networks and digital workspaces, datacenters and cloud services, telecommunications infrastructure and cybersecurity.

Axians's specialized consulting, design, integration and service teams develop bespoke digital transformation solutions that contribute to successful business outcomes for its customers.

Axians is a VINCI Energies brand.
